

2022 ASDWA Hybrid Member Meeting

To maximize attendance while also encouraging in-person networking, this year ASDWA is hosting a hybrid Member Meeting. Remote attendees are invited to join all sessions unless they are listed as *in-person*. Microsoft Teams invitations for our remote attendees will be sent closer to the date of the Meeting. Note that in-person attendees have certified they have been vaccinated through the registration process. We have formatted the Member Meeting to include regular discussion and question opportunities between States and EPA throughout the sessions. As a result, we will only be hosting a virtual States only Roundtable on March 24th after the Member Meeting has adjourned. We look forward to seeing you either virtually or in-person in Alexandria!

Visit [our event page](#) for hotel information and additional details.

All sessions are listed in Eastern Time.
