

# 17th Annual EPA Drinking Water Workshop: Small Systems Challenges and Solutions

September 1-3, 2020 · Covington, Kentucky

Earn up to 15  
Continuing Education  
Contact Hours

## Where

### Northern Kentucky Convention Center

1 W. Rivercenter Blvd, Covington, Kentucky 41011  
(Greater Cincinnati, Ohio Area)

## Cost

There is no registration fee to attend.

## Sponsors

EPA's Office of Research and Development and Office of Water,  
in partnership with the Association of State Drinking Water Administrators.

## Purpose

To support the efforts of state and local officials to assist small systems, this workshop will provide attendees with in-depth information and training on various solutions and strategies for handling small drinking water system challenges. The workshop will focus on distribution, monitoring, source, and treatment topics.

## Who Should Attend

The workshop is primarily designed for state personnel responsible for drinking water regulations compliance and treatment technologies permitting; however, others may also benefit, including system owners and operators, local and tribal government personnel, academics, design engineers, technical assistance providers, and consultants.

## Experts

The speakers and group leaders will be experts in their fields from EPA and other federal agencies, state and local agencies, academia, associations, and other groups.

## Agenda and Registration

Online registration, the preliminary agenda, and lodging information are available on the workshop website. Registration will also be available on a walk-in basis during the workshop, although pre-registration is encouraged as space is limited.

## Live Broadcasts

For those unable to attend the workshop in person, some sessions will be broadcast live as part of EPA's *Small Systems Monthly Webinar Series*. Those attending live broadcast sessions can earn up to six training hours.

## Submit a Proposal

Would you like to give a presentation or display a poster? This year, we are accepting proposals submitted through the workshop website by **March 26, 2020**. Proposals will be reviewed, and notifications will be sent by April 23, 2020. Travel for technical session presenters may be covered—see website for details.

EPA turns 50 this year!  
Join us in our  
year-long anniversary  
celebration.
