COMMUNITY SUSTAINABILITY TOOL

VIRTUAL WEBINAR | AUGUST 19, 2021 10:00AM

Community Sustainability Tool Showcase

A planning Tool to assess the financial viability of utility infrastructure investment.

**IS YOUR UTILITY CONSIDERING INVESTMENT
IN WATER/WASTEWATER
INFRASTRUCTURE?**

**DOES YOUR COMMUNITY HAVE THE
FINANCIAL CAPACITY TO INVEST?**

**ARE YOU UNSURE HOW TO START
CONSIDERING INVESTMENT IN
WATER/WASTEWATER INFRASTRUCTURE?**

Register now for a virtual Showcase and Lab of the recently released WSU EFC Community Sustainability Tool!

The Tool is a free, easy-to-use online resource that can help communities understand their capacity to finance water/wastewater infrastructure investments. It provides an assessment of your community's water and wastewater utility's potential financial future with just a few entries of:

- basic customer data, such as average utility bill
- your proposed infrastructure investment
- program generated data.

EFC staff will provide a short overview of the Tool followed by an open session for you to work through the Tool using your community's information with live, on-hand assistance.

View the Online Community Sustainability Tool

Participants will learn:

- How to enter data
- How the Tool works
- How to run multiple financing scenarios
- How to share results
- How your community can benefit from using the Tool

Participants will be able to use their community's information to walk through the online Tool with EFC staff available to answer questions.

Who Should Attend?

- utility directors
- city administrators/managers
- finance officers
- state agency staff
- anyone with an interest in financing for water/wastewater infrastructure

More Details

Cost: Free

Date/Time:

August 19, 2021
10:00 a.m. - 11:00 a.m.

A "what to bring for open lab" list will be emailed to registrants one week before the event.
