3:00 – 4:30 p.m. ET**

The Water System Partnerships Workshop is an opportunity to bring a targeted audience together to discuss challenges and TMF capacity solutions through water system partnerships.

This webinar will provide a “how to” for those interested in hosting a Water System Partnerships Workshop.

Potential workshop organizers and facilitators will:

- Be introduced to materials available in the Training Toolbox,
- Be provided guidance on their use, and
- Participate in a live Q&A session.
