2024 National Capacity Development & Operator Certification Workshop

Please join us in **Madison, Wisconsin** for the *7th National Capacity Development and Operator Certification Workshop* co-hosted by the U.S. Environmental Protection Agency (EPA) and the Association of State Drinking Water Administrators (ASDWA). The goal of this workshop is to foster coordination and encourage collaboration between the Capacity Development and Operator Certification programs. EPA, primacy agencies, tribes, and technical assistance providers are welcome to attend. More information to come soon. Click [here](#) to view previous workshop agendas.
