

# ASDWA HABs Webinar CyAN Potential Satellite Monitoring of Drinking Water Sources

*September 19, 2023*

# ASDWA STATE HABS WEBINARS & MEETING

May 11

State Monitoring and AWOP

---

July 24

Coordination Across State Programs

---

TODAY!

CyAN Potential Satellite Monitoring

---

November  
2023 TBD

Meeting with State and Federal Agency Partners

---

# WEBINARS & MEETING

## Goal of Webinars

- Share state and federal actions and examples
- Gather input to plan the agenda and discussion items for the November meeting to discuss state drinking water program needs.

## Participants

- ASDWA members, state labs, and federal agency representatives and partners.

## Purpose of November Meeting to Address Continuing State Needs

- Monitoring and predicting HABs (particularly for cold weather)
- Lab capacity

# TODAY'S AGENDA

## CYAN POTENTIAL SATELLITE MONITORING OF DRINKING WATER SOURCES

- **Presenters**
